CALIFORNIA'S WATER FUTURE

Water Infrastructure and Resiliency Finance Center

Mission

The Water Infrastructure and Resiliency Finance Center is an information and assistance center, helping communities make informed decisions for drinking water, wastewater, and stormwater infrastructure to protect human health and the environment.

Water Finance Clearinghouse

 **EPA Water Finance Clearinghouse**
Water Infrastructure and Resiliency Finance Center

<https://www.epa.gov/waterfinancecenter/water-finance-clearinghouse>

The Water Finance Clearinghouse is an easily navigable web-based portal to help communities locate information and resources that will assist them in making informed decisions for their drinking water, wastewater, and stormwater infrastructure needs.

Environmental Finance Centers

The Environmental Finance Centers (EFCs) deliver targeted technical assistance to, and partner with states, tribes, local governments, and the private sector in providing innovative solutions to help manage the costs of environmental financing and program management.

Stormwater Financing
